Art & Play In-Home Services

Persaud Counseling, LLC is an Intensive In-Community In-Home Therapists (IIC) agency with clinically licensed mental health professionals (LCSW, & LSW). IIC's provide intensive, in-home and in-community services to children individually and/or to the family as a whole. IIC's work to strengthen family's understanding of their challenges, develop insight, assess for increased psychiatric interventions, and create behavioral and emotional interventions to increase overall functioning. IIC's work within the wraparound process to assist families in stabilizing to transition to sustainable community based services. This in-home, in-community work primarily done in the afternoons, evenings & weekends. We meet with our clients in their homes and in the larger community. We also have qualified Behavioral Assistants, Tutors and Mentors.

We believe in meeting the child where they are at. Although our therapy treatment is based in CBT, we incorporate themes from art, play, music & spirituality to assist us in accomplishing our treatment goals.

We are a group of culturally competent, spiritually based & innovative professionals with expertise and experience to provide Intensive In Home services to children between the ages of 3-12 years of age with behavioral and emotional needs. We are approved New Jersey medicaid providers.

Please contact us if you have any questions. Thanks in advance.

Peace,
