

# Girl Scouts Supports the Newark Community

## The Girl Scout Difference

All girls have dreams. But Girl Scouts have the tools and support to make theirs come true.

At this very moment, Girl Scouts are discovering new interests, testing their skills, and eagerly raising their hands in class. They're saying no to bullies, speaking up for the environment, and finding new ways to use technology for good. In short, they're building a better world for all of us—just as they've done since 1912.

Partner with us to see the difference that Girl Scouting can make in your community. Working with your organization, Girl Scouts Heart of New Jersey can provide Girl Scout programming that aligns with your standards and mission. Our hands-on activities and adventures explore subjects ranging from STEM and the outdoors to life skills and entrepreneurship, making Girl Scouts natural leaders in the classroom, at home, and in their communities.

When you team up with us, you'll help girls in your community become the best, brightest, boldest versions of themselves.

Thanks to our generous donors, Girl Scouts Heart of New Jersey is able to provide **FREE** Girl Scout membership, uniforms, and programming to girls in Newark.

Life skills

Outdoors

Entrepreneurship

## Program Options for Girl Scouts Heart of New Jersey Partners

Girl Scouts Heart of New Jersey provides over 12,000 Girl Scouts ages 5-17 an exceptional Girl Scout Leadership Experience throughout Essex, Hudson, Hunterdon, Somerset, Union, southern Warren, and parts of Middlesex counties. Our mission is to build girls of courage, confidence, and character.

Experience a van fully stocked with STEM technology supplies and equipment and staffed by subject matter experts!

### 1. Volunteer-Led Troop Experience

Guided by a trained Girl Scout volunteer, organizations provide a safe space on their property for groups of Girl Scouts (called troops) to meet and explore Girl Scout programming throughout the school year.

### 2. Staff-Led, On-Site Experience

Guided by a trusted staff member, girls can explore standards-aligned programming that's integrated as an after-school activity. We provide your staff members with training, resources and support to facilitate the Girl Scout program.

### 3. Short-Term Experiences

Girl Scout-sponsored program led by trained Girl Scout staff at your site to benefit your students for a limited time. We offer a variety of options (e.g., a kindergarten-readiness event, family STEM night, etc.) and we can customize to your needs.

### 4. Mobile Classroom

Girls can experience the wonder of hands-on STEM adventures and much more. Programs are delivered from our state-of-the-art mobile classroom when it rolls up to your site.
