THErapy SERVICES

High-quality, accessible ABA therapy
for ALL kids who can benefit.

WHAT WE DO

1 We determine root causes (“skill deficits”) that power concerning behavior and really get to know your child as a delightful and unique individual.

2 We design a comprehensive treatment plan that will make positive, meaningful changes in your life.

3 We send a team of carefully selected and rigorously trained therapists to you. They work tirelessly to implement that plan to perfection.

4 We are in constant communication all throughout. We tweak, problem-solve and collaborate because your child’s well-being and your satisfaction is ALWAYS our top priority.

5 You reap the rewards and enjoy the transformational progress!

INTERACT THERAPY IS GUIDED BY OUR CORE VALUES:

Dedication, enthusiasm and love of children:

We make learning fun! Kids and their families should always, always look forward to their ABA therapy sessions.

Collaboration and respect:

Parents know best. Period. We will always include you and value your values and perspective. While your child’s best interests are always our top priority, you love and care for them the most.

Inclusion and cultural sensitivity:

Protecting your and your child’s dignity is a responsibility we take seriously. Every person is unique and deserves to feel safe and be the best that they can be. We embrace and celebrate diversity within our families, clients and employees. We’re curious to learn more about you so that we can progress and succeed.

Drive and growth mindset:

We never leave excellent alone—we’re always aspiring to do better and be better. All therapists attend professional development events frequently, and receive intense ongoing supervision and training.
